## A Pediatric Prognosis

“The **diagnosis of mental health is in dire need of a paradigm shift**, and the way that we’ve been assessing, diagnosing and providing help to people has been really inefficient and not helpful for the clinician nor the patient,” says James Li, the A.A. Alexander Associate Professor of Psychology and Psychiatry in the Department of Psychology. [Read on.](#)

## Graduate Students Promote Representation in STEM at High School Expo

Inside Madison East High School's brightly colored gymnasium, hundreds of high schoolers move between rows of tables, interacting with researchers from UW-Madison, Edgewood College, and Madison College during the day's Science Expo, an event run largely by Department of Psychology graduate students. [Read on .](#)
