

9 Steps To STREET EPISTEMOLOGY

01 **Establish rapport**

02 **Ask for a claim**

03 **Confirm the claim and summarize until satisfied**

04 **Clarify their definitions - and use them!**

05 **Ask for a numerical measure of confidence in their claim**

06 **Ask what reasons they have to hold that level of confidence**

07 **Ask what method they've used to judge the quality of their reasons**

08 **Listen, summarize, repeat**

09 **Wrap up and wish them well**

Street epistemology is best suited for beliefs in empirical matters
